SURFACE MOUNT TECHNOLOGY (HOLDINGS) LIMITED

新闻稿

Press Release

CC006/09

September 11, 2009

Appointment of Deputy Chief Technology Officer

The Board of Directors of Surface Mount Technology (Holdings) Limited (the “Company”) is pleased to announce the appointment of Mr. Lo Kwok Wai Davy as Deputy Chief Technology Officer of the Company with effect from September 11, 2009.

Mr. Lo has a proven track record and extensive experience in the electronics industry. Prior to joining the Company, he was Chief Marketing Officer for Zetex Semiconductor Plc., UK and as a Marketing and Sales Director for the Semiconductor Group of Texas Instruments Hong Kong Limited.

Mr. Lo will be responsible for the formulation and execution of business plans for Original Design Manufacturing (ODM) businesses and the Research and Development (R&D) directives. “We are all extremely delighted to have Mr. Lo on board,” said Professor Chan Kei Bui, Chairman and Senior Managing Director. “With his competitive nature, we believe he would bring us new ideas, concepts and insights into technologies and products.”
