May 26, 2009

Professor Chan Kei Biu, MH re-elected as the Chairman of Group 27, FHKI

At an inaugural ceremony of the Automotive Components Group (Group 27) under the Federation of Hong Kong Industries on May 26, 2009, Prof. Chan Kei Biu, MH, Chairman and Senior Managing Director, was re-elected as the Chairman of the Group 27.

Prof. Chan has been serving as Chairman of the Group 27 since the end of 2004. The global financial crisis has impacted almost all industries including the Hong Kong's Automobile Parts and Components industry. Responding to the financial crisis, Prof. Chan has devoted himself to the cross-border financing arrangement for industry. For the next two years, Prof. Chan will continue to expand its business networking in both internal and external aspects in order to promote the automobile parts and components industry.
