## Professor Chan Kei Bui, MH Enters His 4<sup>th</sup> Term as Chairman of HKEIA

On 23 July 2009, Prof. KB Chan, MH, Chairman and Senior Managing Director, was elected to a fourth term as Chairman of the Hong Kong Electronic Industries Association (HKEIA) at the HKEIA Annual General meeting.

During his term as Chairman, he has served as a communication bridge between government and the Association. The Association has set up a “National Policy Concern Group” for the electronics industry and has successfully applied for an Innovation and Technology Fund (ITF) to organize a conference on Solar Photovoltaic (PV). Prof. Chan also maintains close contact with and took part in the World Electronic Forum (WEF) and the Asia Electronic Forum (AEF). Meanwhile, HKEIA Education Fund supported school construction in the poverty-stricken areas in Guangdong, Yunnan and Jiangxi.

In the coming two years, Prof. Chan will continue to serve the industry under such challenging period. By achieving new goals “**Expand in China • Explore the World**”, he will focus on the following areas:

1. Expand business networking for members
2. Establish a new “Green Manufacturing Sub-Committee”
3. Expand and Extend the China Network
4. Explore new business opportunities for new technology developments
5. Education – to reinforce the cooperation with Universities in both China and Hong Kong

- End -
