August 19, 2009

Dr. Lo Wai Kwok elected as the Chairman of Sustainable Development Sub-Committee of HKEIA

On 19 August 2009, Dr. Lo Wai Kwok, Deputy Chairman and Managing Director, was elected as the Chairman of Sustainable Development Sub-committee of the Hong Kong Electronic Industries Association (HKEIA). The objective of this Sub-committee is to promote green business development and create green opportunities in the electronics industry. The renewable energy has the highest potential for future development.

Currently, Dr. Lo holds a number of other public service positions, including the Chairman of Guangdong-Hong Kong Association for the Promotion of Technology Enterprise (HK) Ltd and the Deputy Chairman of the Hong Kong Quality Assurance Agency. He advises Hong Kong to seize green business opportunities by encouraging collaboration between universities and industry. The Government should allocate more resources to support industry for the development of innovation capacity. In collaboration with R&D center in mainland China will become a widespread approach in the future.
