### **SURFACE MOUNT TECHNOLOGY (HOLDINGS) LIMITED WILL EXHIBIT AT ELECTRONICS WEST 2008**

HONG KONG, December 14, 2007 — Surface Mount Technology (Holdings) Limited (SMT) will exhibit at ELECTRONICS WEST 2008 which will be held at the Anaheim Convention Centre, Anaheim, CA on January 29-31, 2008. Our booth number is 243.

Using the platform provided by ELECTRONICS WEST, SMT, being one of the top Electronics Manufacturing Service (EMS) providers in Asia, will showcase our Green manufacturing experiences, pan-China manufacturing bases, assembly technology and experiences and technical support.

On top of our existing clients in North America such as IBM, Emerson, Lear, Microheat and Kinetek, SMT takes the chance of ELECTRONICS WEST to gain more business cooperation in the North American market.

With different customers in the USA, Europe, Japan, Korea, and in the mainland, SMT participates in various exhibitions worldwide to establish the corporate image and its coverage in the world.

Prof. K.B. Chan, Chairman and Senior Managing Director of SMT said, “We have started the Green manufacturing since 2001 and have expanded 2 more factories in the Bohai and North-eastern region in China in 2007 and 2008 so as to cater to various clients’ needs.”

As to the growing importance on the environmental-friendly production, SMT strives to be the Green manufacturing EMS partner in China of different prospects and clients in the world.

#### **About SMT**

Headquartered in Hong Kong, SMT owns four production plants in China, two in Dongguan of the Pearl River Delta, one in Suzhou of the Yangtze River Delta and one in Changchun of the North-East automobile manufacturing hub. The four plants have a total production area of 111,000 square metres accommodating 148 SMT production lines with over 12,000 employees. A new factory in Tianjin will be in operation in 2008. SMT’s commitment to quality, environment, and safety has helped it earn a variety of certifications and awards, including ISO 9001, ISO14001, ISO/TS16949 and OHSAS18001. In addition to these certifications, SMT is also the first EMS provider awarded Sony OEM Green Partner in the mainland China. The Group has implemented a long-term and continuous program of green manufacturing practice since 2001. Further information on SMT can be found at [www.smthk.com](http://www.smthk.com).
