

SMT Suzhou Plant Receives Outstanding Quality Award from Bosch

SMT is proud to announce that our Suzhou production plant, Sizing Electronic (Suzhou) Company Limited (SMS), has been awarded the “CM-CN 3rd Quality Week – Outstanding Quality Contribution”. SMS was one of the suppliers recognized by Bosch for achieving distinction in product quality.

On receiving this prestigious honor and recognition, Professor Chan kei-biu MH, Chairman and Senior Managing Director said, “It is truly an honor to accept this award and one of the greatest forms of encouragement to our SMS Six-Sigma Team and everyone who has helped make SMS one of the outstanding quality suppliers. This recognition is really kind of a validation of what SMT has been continuously improving its quality standards and maintaining lean practices.”
