## **SMT Tangxia Plant Obtains Satellite Television Reception Equipment Manufacturing License**

SMT is proud to announce that our Tangxia production plant, Dongguan Superior Manufacturing Technology Co. Ltd, has been granted a license to manufacture satellite television reception equipment by the Ministry of Commerce of the People's Republic of China, the Ministry of Industry and Information of the People's Republic of China and the General Administration of Customs of the People's Republic of China on August 13, 2009.

In accordance with the Circular Nos. 302 [2006] and 133 [2009] of the Ministry of Commerce, PRC, there are currently a total of 26 companies that have been granted permission for manufacturing of satellite television reception equipment. Our Tangxia production plant has become one of the licensed manufacturers in China. As a licensed manufacturer, SMT is ready to provide a full range of electronics manufacturing services on satellite television reception equipment.

The granted license will also enable SMT to manufacture set-top boxes for our customers. As it undergoes significant growth in the near future, SMT considers such product segment as an additional and significant market opportunity for future development.
